

Minutes of 32nd meeting of Sub-Committee, Himachal Pradesh Ground Water Authority, to process the applications received for certificate of Registration of existing users of ground water under Section 8 of Himachal Pradesh Ground Water Act, 2005, held under the Chairmanship of Member Secretary, HPGWA-cum-Superintending Engineer, P&I-II on 25.06.2020.

(Page - 1 to 142)

The meeting was convened under the Chairmanship of Er. Hemant Tanwar, Member Secretary, HPGWA-cum-Superintending Engineer, P&I-II, Jal Shakti Vibhag, Jal Shakti Bhawan, Shimla-5. The following members were present:-

1. Sh. Vipin Malik, Scientist 'B',
Representative of Regional Director CGWB, Dharmshala Member
2. Sh. Bhavnesh Sharma,
Senior Hydrogeologist,
Ground Water Organisation, JSV., Una Distt. Una (HP), Member
3. Sh. Sunil Verma,
Assistant Geologist, Geological Wing,
Representative of State Geologist, Deptt. of Industries,
Udyog Bhawan, Shimla-2 (HP). Member
4. Er. Sanjay Kaushal,
Executive Engineer, HPGWA,
Jal Shakti Vibhag, Jal Shakti Bhawan, Shimla-5.

At the outset, Chairman welcomed the members of the committee. Thereafter, the agenda items were taken up for discussion as under:-

1. **Sh. Ajmer Singh, S/o Sh. Maan Singh, Vill. Singhpura, Tehsil Paonta, Distt. Sirmour (H.P).**

The applicant has applied on form - 4 for certificate of registration of borewell/tubewell and use of ground water for **Irrigation purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is a Govt. tubewell (IPH) at Village WSS singhpura which is about around 250m from the tubewell in question**. The tube well falls in the Paonta Sahib Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Paonta Sahib, Secretary Gram Panchyat Singhpura, Tehsil Paonta Sahib, Distt. Sirmour (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during Feb., 2011. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.

Or

- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

2. Sh. Chuhar Singh S/O Sh. Balaru Ram Vill. Bankala PO. Shambhuwala Tehsil Nahan Distt. Sirmour (HP).

The applicant has applied on form - 4 for certificate of registration of borewell/tubewell and use of ground water for **Irrigation purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is a Govt. handpump (IPH) at village Bankala exists about 70m from the applicant**. The tube well falls in the Nahan Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under over exploited as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nahan, Secretary Gram Panchyat Bankala, (Shambhuwala) Tehsil Nahan, Distt. Sirmour (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2011. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

3. M/S Anech Hill Resorts Pvt. Ltd., Vill. Anhech, Tehsil & Distt. Solan (H.P).

The applicant has applied on form - 4A for certificate of registration of borewell/tubewell and use of ground water for **Commercial purpose**. As per the report of

Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is a one No. departmental handpump situated around 20m from the bore well of the applicant.** The Site under investigation falls in the southern parts of the Lesser Himalaya as per Ground Water Resource Estimation Committee (G.E.C.-1997), the hilly area (slope greater than 20%) are to be excluded because these are not likely to contribute to ground water recharge. Therefore, in view of this, no ground water resource estimation and utilization study has been carried out hitherto in the area. It is further added that the water availability in such areas is controlled by the local geology, hydrogeology and geomorphology of the area and does not have regional impact on the aquifer system existing in the area.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Solan, Secretary Gram Panchyat Anhech, Tehsil & Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2008. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

4. M/S Pidilite Industries Ltd., Vill. Dharampur Thana, Tehsil Baddi, Distt. Solan (HP).

The applicant has applied on form - 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose.** As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is a one Govt. tubewell of LWSS Abarni-II exists at a distance of around 120m from the existing tubewell of the applicant and one tubewell of the applicant also exists around 100m from the tubewell.** The tube well falls in the Nalagarh Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Solan, Secretary Gram Panchyat Dharampur Thana, Tehsil Baddi Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer

Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2006. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

5. M/S Pidilite Industries Ltd., Vill. Bhatoli Kalan, Tehsil Baddi, Distt. Solan (HP).

The applicant has applied on form - 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is No. Govt. tubewell exists within 500m from the existing borewell of the applicant. However, a private borewell of M/S S. G. International, Plot No. 47 - 48, Vill. Bhatoli Kalan, which is already registered with HPGWA, Shimla exists at a distance around 206m from the borewell of the applicant.** The tube well falls in the Nalagarh Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nalagarh, Secretary Gram Panchyat Dharampur Thana, Tehsil Baddi Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2004. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

6. **Sh. Jyoti Kapoor, S/o Late Col. K.C. Kapur, Vill. Nandoh Tipra, P.O Jabli, Tehsil Kasauli, Distt. Solan (H.P).**

The applicant has applied on form – 4 for certificate of registration of borewell/tubewell and use of ground water for Domestic purpose. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there are three private borewells within 100 m from the site of the applicant only one applicant i.e Brig. Surjeet Singh has applied for registration of his borewell having location co-ordinates Latitude N 30°52'45.8" and Longitude E 76°58'56.8". The other two applicant have not applied for registration till date although intimated vide letter under reference. The Site under investigation falls in the southern parts of the Lesser Himalaya as per Ground Water Resource Estimation Committee (G.E.C.-1997), the hilly area (slope greater than 20%) are to be excluded because these are not likely to contribute to ground water recharge. Therefore, in view of this, no ground water resource estimation and utilization study has been carried out hitherto in the area. It is further added that the water availability in such areas is controlled by the local geology, hydrogeology and geomorphology of the area and does not have regional impact on the aquifer system existing in the area.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Solan, Secretary Gram Panchyat Nandoh Tipra (Jabli), Tehsil Kasauli Distt. Solan (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2009. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.

- Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
- Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

7. M/S Hitex Health Care, Vill. Nangal Khurd, Tehsil Haroli, Distt. Una (H.P).

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there exists a Govt. tube well at a distance of 155m from the existing tube well of the applicant**. The tube well falls in the Una Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division No-I Una, Secretary Gram Panchyat Nangal Khurd, Tehsil Haroli, Distt. Una (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2004. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

11. **Sh. Rohit Chandel, S/O Sh. Kaka Ram Chandel, Vill. Rampur, PO. Sultanpur, Tehsil & Distt. Solan (HP).**

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for **Commercial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is no Ground water abstracting starting such as handpump or energized borewell was observed within 300 m of the existing borewell of the applicant as intimated by the E.E IPH Division Solan vide letter referred above. The Site under investigation falls in the southern parts of the Lesser Himalaya as per Ground Water Resource Estimation Committee (G.E.C.-1997), the hilly area (slope greater than 20%) are to be excluded because these are not likely to contribute to ground water recharge. Therefore, in view of this, no ground water resource estimation and utilization study has been carried out hitherto in the area. It is further added that the water availability in such areas is controlled by the local geology, hydrogeology and geomorphology of the area and does not have regional impact on the aquifer system existing in the area.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Solan, Secretary Gram Panchyat Rampur (Sultanpur), Tehsil & Distt. Solan (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2008. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.

- Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
- Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

12. M/S B. R. Agrotech Ltd., (Packaging Unit – III) Village Kheri, Tehsil Nahan, Distt. Sirmour (HP).

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there exists two Govt. (IPH) tubewells of LWSS Nahan No. 1 and No. 4 having location co-ordinates Latitude N 30° 31' 27.5" and Longitude E 77° 11' 39.4" & Latitude N 30° 31' 29.0" and Longitude E 77° 11' 34.7" exists at a distance around 240m and 200m respectively from the existing tubewell of the applicant.** The tube well falls in the Nahan Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Over exploited as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nahan, Secretary Gram Panchyat Kheri, Tehsil Nahan, Distt. Sirmour (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2010. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
- Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
- Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
- Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

13. **Sh. Hemant Sharma, S/O Sh. Hari Dutt Sharma, Vill. Kiar, PO. Rouri, Tehsil Kasauli, Distt. Solan (HP).**

The applicant has applied on form - 4 for certificate of registration of borewell/tubewell and use of ground water for **Domestic purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is one departmental energized borewell at a distance of 215m from the existing energized hand pump of the applicant**. The Site under investigation falls in the southern parts of the Lesser Himalaya as per Ground Water Resource Estimation Committee (G.E.C.-1997), the hilly area (slope greater than 20%) are to be excluded because these are not likely to contribute to ground water recharge. Therefore, in view of this, no ground water resource estimation and utilization study has been carried out hitherto in the area. It is further added that the water availability in such areas is controlled by the local geology, hydrogeology and geomorphology of the area and does not have regional impact on the aquifer system existing in the area.

A Public notice of the application prepared in this office on Form-5 already been sent to Executive Engineer, JSV Division Solan, Secretary Gram Panchyat Kiar (Rouri) Tehsil Kasauli, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2011. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

14. **M/S Khurana Oleo Chemicals Unit-II, Vill. Tahiwal, PO. Manpura, Tehsil Nalagarh, Distt. Solan (HP).**

The applicant has applied on form - 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is a private energized borewell of the same firm is location co-ordinates Latitude N 31° 00' 00.5" and Longitude E 76° 44' 28.1" exist at a distance 94m from the existing tube well of the applicant**. The tube well falls in the Nalagarh Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nalagarh, Secretary Gram Panchyat Tahiwala (Manpura), Tehsil Nalagarh, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2011. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

24. **Sh. Janki Ram Katoch, S/O Late Sh. Atma Ram Katoch, Vill. Kutahaghat, PO. Jabli, Tehsil Kasauli, Distt. Solan (HP).**

The applicant has applied on form - 4 for certificate of registration of borewell/tubewell and use of ground water for **Domestic purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is one departmental energized hand pump located within 172m from the existing bore well of the applicant.** The Site under investigation falls in the southern parts of the Lesser Himalaya as per Ground Water Resource Estimation Committee (G.E.C.-1997), the hilly area (slope greater than 20%) are to be excluded because these are not likely to contribute to ground water recharge. Therefore, in view of this, no ground water resource estimation and utilization study has been carried out hitherto in the area. It is further added that the water availability in such areas is controlled by the local geology, hydrogeology and geomorphology of the area and does not have regional impact on the aquifer system existing in the area.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Solan, Secretary Gram Panchyat Kutahaghat (Jabli), Tehsil Kasauli, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2008. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved

the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

48. **M/S Escon Industries Khasra No. 137/2, 140, Near Gaushala, Village & P.O. Bela Bathri, Tehsil Haroli, Distt. Una (HP).**

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for Industrial purpose. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is a Govt. tubewell LWSS Bathri having location N 31° 19' 05.5" Longitude E 76° 17' 47.5" exists within 158m and a borewell of another applicant M/S Uphar Cables having location co-ordinate N 31° 19' 10.9" Longitude E 76° 17' 46.8" exists around 95m radius of the existing borewell of the applicant. The tube well falls in the Nalagarh Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division No-I Una, Secretary Gram Panchyat Bela Bathri, Tehsil Haroli, Distt. Una (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2010. However, the HP Ground Water Act, 2005

& Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

49. Sh. Hem Raj Kanda, S/O Sh. Mathra Dass Kanda, VPO. Badringar, Tehsil Paonta Sahib, Distt. Sirmour (HP).

The applicant has applied on form - 4 for certificate of registration of borewell/tubewell and use of ground water for **Domestic purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is a Govt. energized hand pump existing at around 17m from the existing bore well of the applicant.** The tube well falls in the Paonta Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Paonta, Secretary Gram Panchyat Badringar, Tehsil Paonta, Distt. Sirmour (HP) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2004. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Beverages registered No. HPGWA-EU/297 dated 08.03.2016 exist at a distance borewell of the applicant. However, the applicant has drilled the borehole during, 2011 without prior permission of the Authority. The tube well falls in the Nalagarh Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nalagarh, Secretary Gram Panchayat Baddi, Tehsil Baddi, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2011. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or

- iii) Details of the payment made by the firm/applicant to the drilling agency.
- Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

72. Sh. Vivek Sood, S/O Sh. Om Parkash Sood, Toop Floor 17, Mall Road Shimla, Tehsil & Distt shimla, (Vill. Mando Matkanda, Tehsil Kasauli Distt Solan (H.P)).

The applicant has applied on form - 4A for certificate of registration of borewell/tubewell and use of ground water for Commercial purpose. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is one No. Private Borewell of Sh. D.C. Sharma at Village Mando Matkanda granted permit No. HPGWA-NU/413 dated 21-10-2016 exists at a distance of 143m & One No. energized departmental borewell i.e. LWSS Mangoti is around 158m from the existing borewell of applicant. However, the applicant has drilled the borewell during December, 2015 without prior permission of the Authority. The Site under investigation falls in the southern parts of the Lesser Himalaya as per Ground Water Resource Estimation Committee (G.E.C.-1997), the hilly area (slope greater than 20%) are to be excluded because these are not likely to contribute to ground water recharge. Therefore, in view of this, no ground water resource estimation and utilization study has been carried out hitherto in the area. It is further added that the water availability in such areas is controlled by the local geology, hydrogeology and geomorphology of the area and does not have regional impact on the aquifer system existing in the area.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Solan, Secretary Gram Panchyat Mando Matkanda, Tehsil Kasauli, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2010. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
- Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
- Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
- Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or

before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

73. **Smt. Chhaya Katoch, W/O Late Sh. Gagan Singh Katoch, VPO. Indoar, Tehsil Indora, Distt. Kangra (HP).**

The applicant has applied on form – 4 for certificate of registration of borewell/tubewell and use of ground water for **Irrigation purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **There are two nos. Govt. tubewell i.e. tubewell No. 27 & tubewell No. 89 Indpur Tanda exist at a distance of 295m & 265m from the existing borewell in question. However, the borewell distance of 96m from the borewell No.1, of the applicant.** The tube well falls in the Indora Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Indora, Secretary Gram Panchyat Indoar, Tehsil Indora, Distt. Kangra (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2011. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is no Govt. tubewell exists within a distance of 300m from the existing bore well of the applicant. However, one Govt. site for WSS Rakh was investigated and recommended vide this office existis at a distance of 120m from the existing borewell of the applicant.** The tube well falls in the Nalagarh Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nalagarh, Secretary Gram Panchyat Souri, Tehsil Nalagarh, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2008. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.

Or

- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.

Or

- iii) Details of the payment made by the firm/applicant to the drilling agency.

Or

- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

83. **M/S Hindustan Unilever Ltd., (Food Division), Khasra No. 1350-1318, Vill. Bhatoli Kalan Hill Top Ind. Area Jharmajri, Tehsil Baddi, Distt. Solan (HP).**

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is no Govt. tubewell exists within a distance of 300m from the existing bore well of the applicant. However, one permit issued vide permit No. HPGWA-NU/327 dated 10.04.2014 exists around 230m from the borewell in question.** The tube well falls in the Nalagarh Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nalagarh, Secretary Gram Panchyat Bhatoli, Tehsil Baddi, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

86. Sh. Maninder Singh Ahluwalia, S/O Sh. Ishwar Singh Walia, Vill. Panwa, PO. Garkhal, Tehsil Kasauli, Distt. Solan (HP).

The applicant has applied on form - 4 for certificate of registration of borewell/tubewell and use of ground water for Domestic purpose. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is no Govt. tubewell exists within a distance of 300m from the existing bore well of the applicant. However, one borewell of M/S Sai Sudha registered with the authority vide No. HPGWA-EU/331 dated 10.06.2016 exists at a distance of 81m from the existing borewell of the firm. The site under investigation falls in the southern part of the lesser Himalaya as per Ground Water Resource Estimation Committee (G.E.C. - 1997), the Hilly area (slope greater than 20%) are to be excluded because these are not likely to contribute to ground water recharge. Therefore, in view of this, no ground water resource estimation and utilization study has been carried out. It is further added that the water availability in such areas is controlled by the local geology, hydrogeology and geomorphology of the area and does not have regional impact on the aquifer system existing in the area.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Solan, Secretary Gram Panchyat Panwa (Garkhal), Tehsil Kasauli, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2003. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or

iii) Details of the payment made by the firm/applicant to the drilling agency.

Or

iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

87. **Sh. Sukdev Singh, S/O Sh. Ram Rakha, VPO. Upper Basal, Tehsil & Distt. Una (HP).**

The applicant has applied on form – 4 for certificate of registration of borewell/tubewell and use of ground water for **Irrigation purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **There is no Govt. tubewell within a distance of 200m from the existing borewell of the applicant. However, one permit issued vide permit No.HPGWA-NU/202 dated 07.01.2013 in the name of Sh. Mohan Singh, S/O Sh. Hazara Singh, Vill. Kante, Tehsil Haroli, Distt. Una (HP) exists at a distance of around 150m from the borewell in question.** The tube well falls in the Una Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division No-I Una, Secretary Gram Panchyat Upper Basal, Tehsil & Distt. Una (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2008. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2011. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

93. **Sh. Surinder Singh, S/O Late Sh. Saini Dass, Ward No. 2, VPO. & Tehsil Indora, Distt. Kangra (HP).**

The applicant has applied on form – 4 for certificate of registration of borewell/tubewell and use of ground water for **Domestic purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is a WSS P/well Indora having Location Co-ordinates N 32° 08' 0.60" & Longitude E 75° 41' 26.30" exists around 145m from the existing borewell of the applicant. Applicant has given the undertaking that his correct name is Sh. Surinder Singh instead of Surmdev Singh. The tube well falls in the Indora Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Indora, Secretary Gram Panchyat Indora, Tehsil Indora, Distt. Kangra (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2003. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

94. Sh. Babu Ram, S/O Late Sh. Jaishi Ram, Vill. Sakoh (Dehri), PO. Kuthandd, Tehsil Nurpur, Distt. Kangra (HP).

The applicant has applied on form - 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there are two No. departmental borewells i.e. WSS Sakoh-I having location co-ordinates N 31° 10' 34.04" & Longitude E 75° 54' 58.0" and 2nd borewell having location co-ordinates N 31° 10' 33.8" & Longitude E 75° 54' 57.2" exists at a distance of 150m & 100m respectively from the existing borewell of the applicant. Applicant may be asked to apply on Form-4 for registration as the borehole was drilled during Nov. 2007 as reported by the concerned STA. The tube well falls in the Nurpur Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nurpur, Secretary Gram Panchyat Sakoh (Dehri), PO. Kuthandd, Tehsil Nurpur, Distt. Kangra (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2007. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the

following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

95. M/S Pidilite Industries Ltd., Vill. Rampur Jattan, Trilokpur Road Kala Amb, Tehsil Nahan, Distt. Sirmour (HP).

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there exists one No. borewell of the same firm registered vide permit No. HPGWA-EU/138 dt. 19.03.2012 & two Nos. borewell of M/S Ruchira Paper Mills, exists at a distance of 40m, 254m & 273m from the existing borewell of firm and was granted permit No. HPGWA-Eu/02 to 11 dt. 10.08.2010 from the existing borewell of the firm. The tube well falls in the Kala Amb Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under over exploited as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nahan, Secretary Gram Panchyat Rampur Jattan, Tehsil Nahan, Distt. Sirmour (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2009. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.

Or

- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

96. **Sh. Kedar Nath, S/O Sh. Jaswant Singh VPO Kaloh, Tehsil Ghanari, Distt. Una (HP).**

The applicant has applied on form - 4 for certificate of registration of borewell/tubewell and use of ground water for **Irrigation purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is No. Govt. tubewell exists within a distance of 300m from the existing borewell site of the applicant.** The tube well falls in the Una Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division No-II Una, Secretary Gram Panchyat Kaloh, Tehsil Ghanari, Distt. Una (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2008. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2006. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

101. **M/S Ultimate Flexipack Ltd. Plot No.26, HPSIDC, Industrial area Baddi, Tehsil Baddi, Distt. Solan (HP).**

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is **No. Govt. tubewell exists within a distance of 300 m from the existing borewell location of the applicant**. However, two private borewells of M/S USV Ltd. registered under permit No.EU 60 and EU61 dated 07-05-2011 Exists around 90m and 180m respectively from the existing borewell of the Applicant. Also a borewell of M/S Unit Sprit has been discussed in 28th meeting appearing at serial No. 3 exists around 82m and two borewells of M/S Fresenius Kabi Oncology Ltd. discussed in 28th meeting appearing in at serial No. 4& 5 and again discussed in 29th meeting appearing at serial No. 25 & 26 and the case has been referred to main committee exists around 180m from the existing borewell of the applicant. The tube well falls in the Nalagarh Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nalagarh, Secretary Gram Panchyat Baddi, Tehsil Baddi, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2010. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

102. **Sh. Vasu Soni (Managing Director) M/S Comet Menda Public School, Vill. Dehri, Tehsil Fatehpur, Distt. Kangra (HP).**

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for **Commercial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is **one Govt. tubewell Kuthana-I having location co-ordinate Latitude N 32° 10' 53.7" Longitude E 75° 55' 14.2"** exists around 330m from the proposed site of the applicant. However, two ground water

user viz. Sh. Joginder Singh and Sh. Jai Karan both have already applied for permit and their application has been forwarded to HPGWA Shimla vide this office letter No. 1236 dated 13.07.2017 and 1708 dated 25.08.2017 exist within 300m of radius of the borewell in question. Out of this two cases, the applicant of Sh. Joginder Singh has been discussed in 27th meeting Sub-Committee at Serial No. 80 and approved for permit. However, the application of Sh. Jai Karan has also been discussed in 28th meeting in the Sub-Committee at Sr. No. 36 and recommended for change of site due to less spacing i.e. 225m from existed private energized handpump near Comet Sr. Sec. School which is not registered with authority but applied for registration as intimated by the STA having location co-ordinate Latitude N 32° 10' 51.5" Longitude E 75° 55' 02.0". It is further added that by analyzing GPS Location of existed private energized handpump & proposed site of applicant the distance between them is worked out to be 31m. The tube well falls in the Indora Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Fatehpur, Secretary Gram Panchayat Dehri, Tehsil Indora, Distt. Kangra (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2009. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or

The applicant has applied on form - 4 for certificate of registration of borewell/tubewell and use of ground water for Irrigation purpose. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is **No. Govt. tubewell exists within a distance of 200m from the existing borewell site of the applicant.** The tube well falls in the Una Valley and based on latest Dynamic Ground Water Resource Estimation of

Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division No-II Una, Nagar Panchyat Gagret, Tehsil Ghanari, Distt. Una (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2008. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

104. M/S D. P. Cocoa Products LLP., Plot No. 15 Apparel Park cum Industrial area katha Bhatoli, Tehsil Baddi, Distt Solan (HP).

The applicant has applied on form - 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is exact distance from already existing ground water abstraction structure (Govt. as well as private) along with location co-ordinates and hydrogeological information i.e. dia, depth, discharge, drawl down and month & year of construction of the tubewell. The report should also comment upon their interference with each other's No Govt. tubewell exists within a distance of 300m from the existing tubewell site of the applicant & one private borewell M/S D.P Chocolates, Unit-II, Apparel Park cum Industrial Area Katha, VPO Bhatoli Kalan, Tehsil Baddi, Distt Solan (HP) for industrial purpose which is already registered with GWA vide permit No. HPGWA-NU/229 dated 18-07-2014 having location co-ordinate Latitude N 30° 56' 34.3" Longitude E 76° 49' 36.1" exists around 185m from the existing tubewell of the applicant. The tube well falls in the Nalagarh Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nalagarh, Secretary Gram Panchyat Katha Bhatoli, Tehsil Baddi, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer

Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2010. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

113. Sh. Virender Kumar, S/O Sh. Nand Lal, R/O Vill. Dungi Beshgi, PO. Bhojnagar, Tehsil & Distt. Solan (HP).

The applicant has applied on form – 4 for certificate of registration of borewell/tubewell and use of ground water for **Irrigation purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is one departmental tube well exists at a distance of around 165 m from the proposed tube well of the applicant**. The Site under investigation falls in the southern parts of the Lesser Himalaya as per Ground Water Resource Estimation Committee (G.E.C.-1997), the hilly area (slope greater than 20%) are to be excluded because these are not likely to contribute to ground water recharge. Therefore, in view of this, no ground water resource estimation and utilization study has been carried out hitherto in the area. It is further added that the water availability in such areas is controlled by the local geology, hydrogeology and geomorphology of the area and does not have regional impact on the aquifer system existing in the area.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Solan, Secretary Gram Panchyat Bhojnagar, Tehsil & Distt. Solan (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2008. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. 138. M/S Rieke Packaging India Pvt. Ltd., Kasra No. 371/278 Village Dasomajra, PO. Bhud tehsil Baddi, Distt. Solan (HP).

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for Industrial purpose. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is No. Govt. tubewell exists within a distance of 300m from the proposed borewell of the applicant. However, two private borewells are installed in the vicinity i.e. 1st borewell of M/S Dr. Reddy Lab. Unit-I Village Khol, Tehsil Baddi having location co-ordinates N 30° 57' 29.10" & E 76° 46' 20.70" which has also applied for sinking of borewell but borewell has been drilled without permission of GWA Shimla and 2nd borewell of Sh. Joginder Singh, S/O Sh. Jeet Ram, Village Khol, PO. Bhud, Tehsil Baddi having location co-ordinates N 30° 57' 14.70" & E 76° 46' 09.54" which has also applied for sinking of borewell but borewell has been drilled without permission of GWA Shimla and both borewell exists around 280m & 261m respectively from the existing borewell of the applicant. The tube well falls in the Nalagarh Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nalagarh, Secretary Gram Panchyat Dasomajra, PO. Bhud, Tehsil Baddi, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during April/2010. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
- Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
- Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.

Or

- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

Dhabota, Tehsil Nalagarh, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during March/2007. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

(HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

159. Sh. Krishnu Ram S/O Sh. Shaja Ram, Village Kohla, PO. Galot, Tehsil Nalagarh, Distt. Solan (HP).

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is **No. Govt. tubewell exists within a distance of 300 m from the existing tubewell site of the applicant. However, one private borewell is installed in the vicinity of Sh. Sant Ram S/O Sh. Jandu Ram Village Kohla PO. Golt Tehsil Nalagarh having location co-ordinates N 31° 14'13.80" E 76° 44' 5.40"** which has already apply for registration of borewell & there are two bowli in the vicinity located, 1st is open bowli having location co-ordinates N 31° 14'15.15" E 76° 44' 09.34" and 2nd is covered bowli having location co-ordinates N 31° 14'15.45" E 76° 44' 09.88" and all exist around 175m, 129m & 132m respectively from the proposed borewell of the applicant. The tube well falls in the Nalagarh Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2013) the stage of ground water development of the valley falls under Safe Category as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nalagarh, Secretary Gram Panchyat Kohla, PO. Galot, Tehsil Nalagarh, Distt. Solan (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 06/2017. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

160. Sh. Ratish Chauhan, S/O Sh. Ramesh Chauhan, Vill. Gharti, Po. Dhar Ke Ber, Tehsil & Distt. Solan (HP).

The applicant has applied on form - 4 for certificate of registration of borewell/tubewell and use of ground water for **Domestic purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is no Govt. tubewell exists within 300m from the borewell of the applicant. One private borewell of Masonaries Prop. Sh. Abhay Gupta, having location co-ordinates N 30° 53'18.7" E 77° 02' 10.1" & applied for permit of sinking of borewell exists at a distance of 245m from the borewell in question as intimated by the Executive Engineer Solan vide letter referred above.** The site under investigation falls in the southern part of the lesser Himalaya as per Ground Water Resource Estimation Committee (G.E.C. - 1997), the Hilly area (slope greater than 20%) are to be excluded because these are not likely to contribute to ground water recharge. Therefore, in view of this, no ground water resource estimation and utilization study has been carried out. It is further added that the water availability in such areas is controlled by the local geology, hydrogeology and geomorphology of the area and does not have regional impact on the aquifer system existing in the area.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Nalagarh, Secretary Gram Panchyat Gharti (Dhar Ke Ber), Tehsil & Distt. Solan (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during Feb., 2007. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

161. M/S Luminous Power Technologies Pvt. Ltd., Village Dev Nagar, PO. & Tehsil Gagret, Distt. Una (HP).

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, **there is No. Govt. tubewell exists within a distance of 300m from the proposed borewell of the applicant**. The tube well falls in the Una Valley and based on latest Dynamic Ground Water Resource Estimation of Himachal Pradesh (As on March 2017) the stage of ground water development of the valley falls under Over exploited as per the report of the above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division No-II Una, Secretary Gram Panchyat Dev Nagar, Tehsil Gagret, Distt. Una (HP.) to get it displayed on the notice board of the local authority. However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during Feb., 2011. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or

before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.

170. M/S Mankind Pharma Ltd., (Unit-II), Village Kishanpura, PO. Jamniwala,, Tehsil Paonta Sahib, Distt. Sirmour (HP).

The applicant has applied on form – 4A for certificate of registration of borewell/tubewell and use of ground water for **Industrial purpose**. As per the report of Sr. Hydrogeologist, G.W.O., I&PH Deptt., Una, there is **No. Govt. tubewell exists within a distance of 200m from the proposed borewell of the applicant. However, there exist 2 Nos. tubewell of the same company within 100m spacing from the tubewell in question. Out of these 2 No. tubewells, one has been registered vide No. HPGWA-EU/96 and application of 2nd tubewell has been forwarded to your office for registration vide this office letter No. 1934 dated 16.03.2019.** In addition to this, the tube well falls in the Paonta Valley and based on latest DGWRE study (As on March 2017), the stage of ground water development of the valley is 26.66% which is considered under Safe Category as per the report of above study.

A Public notice of the application prepared in this office on Form-5 has already been sent to Executive Engineer, JSV Division Paonta Sahib, Secretary Gram Panchyat Kishanpura, PO. Jamniwala, Tehsil Paonta Sahib, Distt. Sirmour (HP.) to get it displayed on the notice board of the local authority. The public notice has also been sent to Public Relation Officer Shimla-2 for publication in two daily new papers (one Hindi & one English). However, no objection has been received.

As per the report of Sr. Hydrogeologist GWO, JSV, Una, the borewell/tubewell has been drilled during 2009. However, the HP Ground Water Act, 2005 & Rules, 2007 came into force w.e.f. 09.08.2011. Hence, the sub-committee approved the case subject to the condition that the certificate of registration will be issued by the Member Secy. (HPGWA)-cum-S.E.P&I-II to the firm/applicant only after any one of the following documents is submitted by the firm/applicant to the HP Ground Water Authority Shimla on or before 20.07.2020 for ascertaining the authenticity of the year of construction of the borewell/tubewell.

Detail of documents

- i) Award letter issued by the firm/applicant to the drilling agency for sinking of the borewell/tubewell.
Or
- ii) Handing over reports of complete borewell/tubewell submitted by the drilling agency to the firm/applicant.
Or
- iii) Details of the payment made by the firm/applicant to the drilling agency.
Or
- iv) Any other relevant document.

Therefore, as per the unanimous decision taken by the Sub-Committee, the concerned Executive Engineer is directed to convey the decision of Sub-Committee to the firm/applicant and ensure the submission of the required documents to this office on or before the date mentioned above failing which the case will be referred to the Main Committee (HPGWA) for taking the final decision.
